WASHINGTON.

WASHINGTON, November 21.—The Navy Department has received voluminous dispatches from Rear Admiral Davis on affairs in Paraguay. Nothing appears to justify the apprehensions expressed in the papers as to the treatment of Bliss and Mosternon.

Commander Macloud, of the Wasp, says that he received Minister Washburne and his family aboard the Wasp on the 10th, and on the 11th he, Macloud, had an interview with Lopez, who said he felt unlimited friendship for the United States, but deplored what he termed the unprincipled conduct of Washburne. The Paraguayans treated the Wasp most hospitably, furnishing the needed supplies. The following note accompanies Commodore Malcon's report:

U. S. FLAG SHIP GENEVIVE,
Rio De Janerio, Oct. 26, 1868.

Sir: I have the honor to inform the Department that I have invited Gen. McMahon, the Minister to Paraguay and his family, to take passage in this ship to La Plata, and as I have already said in my communication No. 314, current series, that I shall accompany him to Paraguay, I shall confer freely with Mr. Worthington, the Minister to the Argentine Republic and Uraguay, from whom I shall obtain information which will serve to mature my plans. I shall keep the Department constantly and fully advised of my action.
Very respectfully,
(Signed) C. H. DAVIS,
Admiral Commanding.

Hon. John S. Pendleton, a former member of Congress from the Seventh District of Virginia, and also Minister to Chili, is dead.

NEW YORK.

NEW YORK, November 21.—Later advices from Paraguay state that Caplas with the allied army and fleet had arrived in front of the Paraguayan works near Killita, but was detained from an assault by the natural defenses of the position. On the first of October, however, a reconnoitering party succeeded in capturing an important redoubt while the iron-clads hotly bombarded the Angastura fortifications.

Lopez is reported to have shot his brothers, and to have his sister in prison.

McMahon, our Minister to Paraguay, was to leave Rio Janeiro on the 17th of October, with the American fleet, to obtain justice from Paraguay, and three English and French men-of-war had already gone up the river on a similar errand. The delay of the moving of the American squadron is said to have been caused by a difficulty between Rear Admiral Davis and Gen. Webb on a point of etiquette. Gen. Webb has published a card exonerating Washburn from all blame in the course he took in Paraguay, and asserting that any other course would have cost him his life. The last accounts state that Bliss has been tortured by Lopez, and Masterman shot. Minister Washburn has arrived at St. Thomas from Paraguay, on board the United States steamer Shamsken.

ST. LOUIS.

ST. LOUIS, November 21.—A Salt Lake special to the *Democrat* says the hanging of the three rouges at Bear City on the 11th, created great excitement, and this morning a mob of two hundred men burned the *Frontier Index* office and the jail. The citizens armed themselves and fired on the mob, killing ten and wounding a number. It was feared that the whole town would be burned, and the women and children were fleeing for safety.

Later dispatches from Bear City say the city is now quiet, under martial law, and business is going on as usual. Guards have been placed on the outskirts of the town, and are also patrolling the streets. The mob was scattered and fled to the mountains this afternoon, and at dusk were seen collecting in small squads. The ringleaders, Smith and Daily, were seriously wounded, and are not expected to live. It is now reported that twenty of the mob are dead and thirty-five are wounded, two mortally. A citizen named Armstrong was shot dead.

LATER—9 p m.—The mob collected in the mountains near Bear river, and sent into town for a physician to attend to the wounded. They sent back word by the physician for the women and children to leave the town, as they intended to march on it 400 strong, and burn it. The Mayor has telegraphed to Fort Bridger for troops, and they are expected tomorrow.

Gen. Sheridan, with about 3000 men, will soon commence operations against the Indians on the Arkansas and Canadian rivers. He will attack them in their winter quarters, destroy all they possess, and force those who escape the slaughter to the reservation south of the Arkansas.

FOREIGN.

NAPLES, November 19.—The eruption of Mount Vesuvius is still very imposing and threatening. All the cones of the volcano emit rumbling sounds and eject large quantities of lava. The lava has set a whole forest of chesnut trees on fire, causing immense devastation. Houses, farms and lands are overwhelmed with ruin, and the population of the nearer villages are leaving their houses in great destitution.

NAPLES, November 21.—The eruption of Vesuvius is increasing in violence. Many houses and farms in the vicinity have been entirely destroyed. The market town of San Juan is in imminent danger.

LONDON, November 21.—The *Times* states that the election for members of the House of Commons thus far stands Liberals, 310; Conservatives, 168. The following have been elected: Chas. Buxton, Liberal, from Surrey East; W. Johnson, Conservative, for Belfast; Sir R. Bienerhassett and Viscount St. Lawrence, Liberals, from Galloway Borough; Lord J. Monnus, Conservative, from Leicestershire North. The following Liberals were defeated: The Marquis of Herlington, for Lancashire Northwest, and Right Hon. C. Housemore, for Strand. The *Daily News* gives the Liberal majority at 146. Serious riots occurred at various places. There was a formidable outbreak. Before it was quelled ten houses were sacked by the rot. There was also a scene of violence at the little town of Ripley. In Derbyshire, a sharp fight occurred and many persons were injured by clubs and stones in the hands of the rioters. The mob partially demolished several buildings, including the vicarage.

It is announced to-day that Lord Stanley has acceded to the modification of the Alabama settlement which permits the Commission to sit in Washington.

Hon. Mr Burlingame and other members of the Chinese Embassy were yesterday taken on a special train from this city to Windson, and conveyed to the Castle in the Queen's carriage, and formally presented to her by Lord Stanley.

CANADA.

OTTAWA, C. W., November 21.—The Fenian prisoners in jail here, under the habeas corpus suspension act, are to be liberated on bail at once.

Buckly, Doyle and Ainsella, indicted as accessories to the murder of Thomas D'Arcy McGee, will not be liberated.

Whalin was removed from jail last evening under a writ of habeas corpus to be present in the Toronto Court, in the argument on the application for a new trial. He will return to jail, whatever the decision may be.

HAVANA.

HAVANA, November 21.—The reports concerning the Revolution are very conflicting. It is rumored, on the one hand, that the Revolutionists are from 10,000 to 12 000 strong, and hold Puerto Principe, while on the other hand, the government claims that the insurgents are decreasing, and that the Spanish troops hold Puerto Principe.

Later advices from San Domingo state that Gen. Ozando was moving with his revolutionary forces on Azets, and fighting is reported near that place. Baez's troops, under Facrez, had been united near Capitalla, and the insurgents in the North had proclaimed for Luperon. Baez continues his infamous outrages on citizens.

DELAWARE.

NEWCASTLE, November 21.—To-day, in the jail yard here, seven persons convicted of petty offences were tied to a post and whipped. One of them was a man seventy years old, who received twenty lashes on his back. He cried bitterly during the ordeal. Two boys about twelve years of age received twenty lashes each. One man was placed in the pillory until he was perfectly helpless with cold, and then whipped.

UTICA.

UTICA, N. Y., November 21.—Carswell, convicted of the murder of the little girl Abby Saunders, was yesterday sentenced to be executed January 8, 1869.

The Constitutional Union party yesterday nominated A. Oakley Hall for Mayor, and A. R. Lawrence for Corporation Counsel.

The investigation into the Fulton ferry disaster was concluded yesterday, the jury attributing the casualty to the overloaded condition of the boats. No one was censured.

NEW BRUNSWICK.

ST. JOHN'S, November 21.—The financial panic continues unabated. The notes of the Yarmouth Bank of Nova Scotia and of the Prince Edward's Island Bank have been refused to-day. The notes of the Bank of St. Stephens are selling at 35, and the Commercial Bank's at 30 per cent. discount. The chances of either bank resuming payment are considered remote.

NASHVILLE.

NASHVILLE, November 21.—A. J. Hough, son of the widow Hough, residing on High street, committed suicide to-day by shooting himself in the eye with a pistol. No cause is assigned for the act. He was unmarried, and served in the Confederate army during the war.

CONNECTICUT.

NEW HAVEN, November 21.—Stephen Abbott has been indicted for the murder of Mr Bronson, which was committed here last September.

MASSACHUSETTS.

LOWELL, November 21.—Three persons were suffocated to death this morning, in a fire at 96 Merrimac street.

ALBANY.

ALBANY, N. Y., November 21.—The Cole trial still continues. The defense are now presenting evidence.

THE STATE TREASURY.

Report of the Joint Committee on the Condition of the State Treasury and the Transactions of the Treasurer During his Official Term.

To the Senate and House of Representatives of the State of Tennessee:

We, the undersigned, Joint Committee of the two Houses, who were appointed to settle the accounts of the State Treasurer, have discharged the duty, and ask to submit the following report:

After examining the books and papers in the Treasurer's office, and comparing them with a statement of receipts and disbursements furnished us by the Comptroller from his office, we find that John R. Henry, Treasurer, received from S. W. Hatchett, former Comptroller, the amount turned over to him by R. L. Stanford, former Treasurer, to-wit: two hundred and seventeen thousand eight hundred and fifty-four dollars and twenty-one cents ($217,854 21,) of which there was in the Tennessee National Bank of Memphis $84,025 31, and in current funds in the Treasury $311 64. We also find that John R. Henry received into the Treasury on Comptroller's warrants, from the 1st of January, 1867, to the 31st of October, 1868, $4 361,355 22, making whole amount of receipts $4,579,209 43. We find he has disbursed, from the 1st of January, 1867, to the 31st of October, 1868, on Comptroller's warrants, the sum of $4,424,282 02, which shows an actual balance in the Treasury on the 31st of October, 1868, of the sum of $154,928 41. It will be seen that the Comptroller, in making his statement, includes the amount overdrawn in statement made October 1, 1866, of $30,016 31, and amount advanced to the Assembly of $1,862 84, which, added to the above, makes, as Comptroller reports, $186,-876 56; but said amount of $31,949 15 was settled in the settlement made with R. L. Stanford, former Treasurer.

Your committee also find that the Treasurer has received from S. W. Hatchett, former Comptroller, on account of what is known as the school fund, $298 022 72, of which $59,000 is in United States securities.

The balance of said fund, except $9,-352 72, was used in payment of interest on the State debt, and the amount so used is in coupons of the bonds of the State of Tennessee, which your committee recommend to be funded in six per cent bonds of the State, and the interest thereof to be distributed for the use of common schools.

Your committee further state that it is impracticable to close the settlement fully until the successor of the present Treasurer has been elected and qualified. They have therefore carried this settlement to the 31st of October, 1868, and propose to conclude the same as soon as the present incumbent's successor is qualified to take charge of the office.

All of which is respectfully submitted.
JOHN NORMAN
Chairman Senate Committee.
W. L. WHITE,
Chairman on part of the House.

Papers throughout the South will please copy.

LETTER FROM TEXAS.

GALVESTON, November 18, 1868.

Editors Memphis Appeal:

I receive my paper with tolerable regularity, but now and then I fail to get it; and when this occurs it causes me considerable disappointment, for my long residence in Memphis, the many attachments formed and the pleasing associations connected therewith, renders me keenly alive to everything of note transpiring in your midst. You may rest assured that I still feel a warm interest in all that pertains to the success and prosperity of the "Bluff City," as also the welfare of the many friends and acquaintances I left there. Hence, you may depend that I peruse your valuable journal with avidity, in order to keep posted in events as they transpire in your city.

Since the sojourn of myself and family in the "Island City," we all have enjoyed unusually fine health. I cannot see any local cause for disease in the location of this place, for its situation is such that we have a continual breeze from the gulf, which is really delightful; and with an atmosphere so pure and bracing, you will not be surprised to learn that it is a poor place for members of the medical profession. The only drawback on the score of health is the prevalence of yellow fever on the coast every few years. Thus far this climate is the most healthful and inviting of any within the range of my experience. The winters must be very mild, for vegetables of most kinds are raised on this island all through that inclement season. As I write I can see parties, from my window, engaged in setting out cabbage, lettuce and other plants, as well as the other work pertaining to gardening, as is the case in your locality in the spring season. In passing along the streets you are continually reminded of a tropical clime, by seeing in full bearing trees peculiar to that latitude, such as oranges, bananas, limes, lemons, figs, pomegranates, etc., etc. It is quite common for the fig to bear four crops during the year. Some attention is devoted by the citizens of this place to the decoration and beautifying of their premises with the many kinds of flowers that flourish here in such profusion and loveliness, and grow to a perfection and magnificence rarely seen. So admirably adapted to their growth and production is this place, that in time it will become a city of flowers, and vie successfully in point of beauty and attractiveness with any place on the globe. However, there is not, as yet, that display of taste one would like to see, but time will rectify all this, for in all fast growing cities the love of the beautiful generally has to give way to present necessities.

Galveston, before the war, did not contain to exceed six or seven thousand inhabitants, but at present the population is variously estimated at from twenty three to twenty-five thousand. When we take into consideration the fact of Texas being about five times as large as the State of Virginia, along with the mildness and healthfulness of its climate, the great variety and wonderful fertility of the soil, it does not require the ken of a prophet to foresee a prosperous and brilliant future for this State.

Times in this city for the last few weeks have not been as lively as could be wished. The planters, I presume, are generally in much easier circumstances than those of other Southern States, and therefore are not *compelled* to part with the avails of their crops, and as transactions in the interior are generally in specie, and that is an article that will not injure by keeping, and as they seem to regard the future of our country as rather "mixed," they no doubt think it wise to hoard their means, and thereby be the better prepared for contingencies. Business men generally are hopeful of a good and well sustained trade during winter and spring.

Matters generally throughout the state are remarkably quiet and orderly, and depredations and other irregularities far less frequent than one could expect. I have no doubt but that Texas is in a much better fix financially and otherwise than any other Southern State.

I have at different times noticed the arrival of emigrants direct from Germany, and en route for the interior, where I understand there are a number of flourishing settlements of this desirable class.

The press of this city is very well sustained, and a good deal of journalistic ability is displayed. The paper that seems to wield the most extended as well as beneficial influence throughout the State is the *News*. It has a large circulation, and I am told is financially in a very prosperous condition. Its principal editor, W. Richardson, Esq., is a gentleman of great personal worth, as well as fine literary ability, and is regarded as the "nestor" of the Texas press.

I was rejoiced to hear of the election of our mutual friend Dr. Leftwich to Congress. It was indeed a triumph of which your district may well be proud.

Wishing your able paper the extended circulation and prosperous career it deserves, I am your friend. E. A. M.

COUNTY TAX COLLECTOR.

His Report for the Month of October, 1868.

An Interesting Statement.

We publish below the report of the County Tax Collector for the month of October. This statement is one of peculiar interest to our readers. Mr. McLean, the Tax Collector, has made his report as soon as it was possible to do so under the very heavy business pressing upon the office and with his assistants, Messrs. Wm. H. Miller and Thos. Carroll, deserves a great deal of praise for his promptness. It will be seen that the collections have been heavier than ever before known. The amount yet uncollected will no doubt be liquidated by the 1st of January, when our county will be in comparatively easy circumstances:

"OFFICE OF STATE AND COUNTY TAX COLLECTOR, SHELBY COUNTY, TENN., MEMPHIS, TENN., Nov. 1, 1868.

WENDELL PHILLIPS ON GRANT.

"A Good Soldier does not Always Make a Good Statesman."

From the Anti-Slavery Standard.]

If we were Grant, our joy in Vicksburg and the Wilderness would be drowned fathoms deep in shame, because history will have to tell that while we were in command of the army—and able to wield it uncontrolled, even in Louisiana, if we chose—the loyal men of New Orleans dared not approach the polls for fear of assassination. One word to the nation from Grant last spring, would have put Wade in the White House and proclaimed martial law, if necessary, last week, in New Orleans. There are whispers that Gen. Grant favored impeachment—in the lobby. Those times wanted no lobby member. If the Lieutenant-General of the United States had then announced to Congress that in his opinion the peace of the South could not be preserved with the policy then pursued, and unless that policy were changed he would not blight his laurels by holding a sword he was not allowed to use, does any man suppose Fessenden would have dared to veto impeachment, even to revenge himself on Wade, to spite Mr. Sumner, or to keep his eleven cousins in office? If Grant were the man the nation now supposes him, he could not have kept silent at such a crisis. A man must love glory overmuch, who would not surrender all Grant's laurels rather than bear the guilt and shame of that responsibility not met.

It must be remembered that a good soldier does not necessarily make a great statesman. When we talk of statesmanship, where was it when Grant undertook to report the condition of ten millions of people, scattered over seven hundred thousand miles, after a visit of ten days? And what was his report?

In December, 1865, when every man not asleep knew of Johnson's treachery, and its results at the South, Grant reported that the "acquiescence" at the South was so "universal," its "citizens so earnest in wishing to do what they think is required by the Government," that nothing but the mere form of a military force would be needed there. And if anything more should, in any localities, be needed, it would be among the freedmen, to prevent them from taking possession of the property of their former masters, and in the seaports. Now no freedman has ever lifted hand against the property of the whites, and, except in New Orleans, the seaports are the safest places at the South. Was Grant misled by cunning men about him, or has he no insight for such investigations? Either alternative removes him from the list of statesmen. But, further than this, that problem does not need brains. A heart would have made all its intricacies blaze with light like a July noon. These are the actions that, for us, reveal Gen. Grant.

POSTAL AFFAIRS.

Postmaster General's Report.

Postmaster General Randall has been busily engaged for some days in preparing his annual report. The document is not yet finished, but some statistics from the numerous tabular statements contained in the report will prove interesting. For the fiscal year ending June 30, 1868, 142,240 miles were used for mail service, while there were used in the active running, 57,993 634 miles. For the year ending June 30, 1868, there were 216,628 service miles, and 4,224,525 running miles. This shows an increase of 35 per cent. in the service and running miles. Since 1865, Congress has added 1267 new mail routes, beside all the Southern mail routes which have been revived, which makes an addition of 48,744 lineal miles of mail route added to the labor and expense of the department in less than eighteen months. The following table will partly show how the expenditures exceed the receipts—the statement being for carrying the mails only—namely:

	Expended.	Revenue.
California	$641 468	$363,522
Kansas	541,566	90,092
Nevada	241,190	30,140
Nebraska	305,693	54,094
Utah	45,708	18,068
New Mexico	254,382	8,294
Washington Territory	140,141	4,384
Arizona	125 807	1,968
Idaho	14,700	9,184
Montana	32,850	16,011
Oregon	350,093	30,110
Texas	387,370	145,916

Add to this the deficit of the Southern States not named, and the total deficit foots up over three millions for the past year.

The salaries of Postmasters and many other expenses are not included. In all the large cities letter-carriers are employed, and this has cost $995,000 for the past year. No revenue is received from this source. None of the sea service returns any revenue to the Department. China, Brazil, the Sandwich Islands and other routes, cost this year some $725,000 more than was received. The horse service costs thirty-three to forty per cent. more now on account of the difference between gold and currency, while the rates for letters are the same.

Postmaster Dennison's report for June, 1865, showed a surplus of $861,430 over the actual expenses. His second report for June, 1866, submitted by Governor Randall, his successor, showed a deficiency of $965,693. Gov. Randall's report for 1867 also showed a deficiency; and the report for 1868 will show a deficiency of $740,000, which has to be provided for by special appropriation.

The Postmaster General is preparing an elaborate report in reference to the ocean service, and to extending the mail facilities to every corner of the land, while he also recommends many reforms in the general routine of the postoffice business. He recommends the establishment of a thorough telegraph system in all the principal cities and postoffices in the country, alleging that it will secure a revenue and save the people money. A letter of fifteen or twenty words is sent from Washington to New York, and delivered there as a letter, with a postage stamp upon the envelope, at a cost to the writer of the dispatch letter of three cents for the stamp and ten cents for the message. Full average rates will be presented in the report. These messages are to be delivered by the letter-carriers, thus securing prompt and correct delivery.

THE NEWS.

A bold but unsuccessful attempt was made to rob the Third Avenue Central Park Savings Bank of New York, recently. The thieves had $100,000 in their hands, but dropped it in their escape, very foolishly.

The *Argus* and *Crisis* states that a new paper is to be started at Magnolia, on the New Orleans, Jackson and Great Northern Railroad, under the auspices of Maj. George McKnight, (Art Hartz). It is contemplated by the proprietors to purchase the Holmesville *Independent* and remove it to Magnolia.

The Columbus *Enquirer* says a lady living near Geneva, Georgia, has sent us a cluster of apples (four on one twig), the second crop of this year. They are fully as large as hen's eggs oval in shape and a pretty red color. The variety we do not know. We return thanks for the rare production.

The Augusta (Ga.) *Chronicle and Sentinel* says: "A tract of five acres of land in Bullock county, was prepared, this year, by thorough plowing, the depth of fifteen inches, enriched by the application of 2 300 pounds—600 pounds to the acre—of mixture of Peruvian guano and phosphates. The bill system of planting was adopted, and the yield was fifteen bales of clean, beautiful cotton, and fine quality, each bale weighing 500 pounds.

The Georgia Railroad and Banking Company have reorganized their banking department of deposit and discount, under the management of Hon. John P. King, President; Dr. Joseph Milligan, Cashier, and Col. A. P. Dearing, of Athens, and Capt. Eugenius King, of Greensboro', as sub officers. The resources of the company and the efficiency of the management will command public confidence. The Bank will go into operation as soon as the needful accommodations are completed.

A dispatch from Chicago, of the 20th inst., says: A committee of the General Freight Agent's Convention, reported that they found that the rates in force at Chicago, Cincinnati and Indianapolis were seventy cents per hundred weight on live stock, and $1 40 per barrel on flour, and recommended a continuance of the rates until interested parties at those places deem it expedient to make an advance. Cleveland, Ohio, was fixed as the next place of meeting.

The Jefferson (Texas) *Times* of the 12th inst says: "Brevet Col. S. H. Starr, U. S. A., issued an order from his headquarters at Fort Richardson, to the effect that private citizens, in the counties of Cook, Fannin, Grayson, Denton, Parker and others, of the State, who are being massacred by the Indians, are not to form organizations for self protection, and that every company so formed, without written authority from him, or a competent military source, will be construed as hostility to the Government.

A dispatch from Tallahassee, Florida, of the 20th inst., says: "Lieut.-Governor Gleason to-day called at the capitol to procure a copy of the manual of the five last regular terms of the Legislature. He was received by Capt. Cesar, Gov. Reed's Adjutant General. During the interview Gov. Gleason expressed the kindest feelings toward Gov. Reed, and said he had no personal feeling in the matter of impeachment; that what seldon he had taken was forced upon him by the action of the Legislature and the position he holds in the government of the State.

The Rochester (N. Y.) *Democrat* says: "Gen. Grant says that he will favor a constitutional amendment making the suffrage question to be regulated throughout all the States by Congressional enactments, and making it universal—North as well as South. He believes it practicable to carry such an amendment. It will accordingly be set in motion as soon as Congress meets, that the Legislatures which meet in January can at once ratify it, and that by a special session of Congress next summer, the law can be passed in time for colored men throughout the North to vote at the next fall elections.

The following is from the Fort Smith *Herald*: Improvements is the word, and in no direction can you turn in town that you are not greeted by new houses in course of erection. We took a short ride out recently, and we counted over a dozen new houses in view at one time. Keep at it, that's the way to make a place. A better place for health and business cannot be found. Every boat takes below large quantities of apples, dried and green, dried peaches, corn, cornmeal, hides, cotton, etc. By and by Fort Smith will rival Pittsburg in exporting coal, which by analysis is superior to the Pennsylvania coal. All we want is PEACE, *and we'll have it.*

The Frankfort correspondent of the Berlin *Staatsburger-Zeitung* writes: "Citizens of this place confirm the report that the Spanish General Prim is a native of Germany. His German, however, is not Prim, but Prune. He is the son of a tax-collector, and was born in 1811, at Tangermunde, on the Elbe. He was, twenty years afterward, a non-commissioned officer in the Prussian army, went to Spain, got acquainted with the Prim family, in the town of Reus, in Catalonia, and was adopted by it. In the army of the Christines he became in a very short time Colonel of a regiment, and since 1842 has played a political role.

The little unpleasantness which our Government is called upon to settle with the Republic of Paraguay, will hardly be disposed of before the Provisional Government of the State of Panama will have to be taken in hand. That Government issued a decree doubling the commercial taxes for October, the purpose being to raise means for the purposes of war. This decree falls heavily upon foreign merchants doing business at Panama, and they have been advised by the Consuls of their respective nations not to pay it, or, if forced to do so, then to pay under protest. These protests will be forwarded to the various governments ox the citizens from whom the extra tax is wrung, with a demand for redress, and protection from similar outrages in the future.

The Atlanta (Ga.) *Intelligencer*, in an article on Anna Dickinson, says: Her last and greatest effort has been a book, quite recently published under the rather conundrumical title of "What Answer?" in which she proves to demonstration that miscegenation is the sum of all human blessings, and that heaven on earth is only attainable by the union of the Anglo-Saxon and the Anglo-African in true and lawful marriage. When a woman—an unmarried woman—so far forgets her modesty, and the decent reserve that becomes her sex, as to publish so beastly a book, she deserves, not merely the castigation of the critics, but corporeal castigation at the cart's tail. She becomes absolutely loathsome—an unclean monster, contact with whom is contamination.

The new elevator, at East St. Louis, has been "dedicated." The elevator is a huge frame structure, supported on piles driven in the Illinois shore of the Mississippi, and at such a point that barges and steamers can receive cargoes of grain for shipment right at its doors. Its river front is 200 feet long, and it has a depth of 140 feet; its extreme hight from the water's edge is ninety-four feet. The elevator proper is 66 by 140 feet in the center, and there are two large rooms, 70 by 140 feet each, for storage purposes. The facilities for handling grain are very great, and there are no less than thirty-eight bins. There are four skids for shipping flour and grain, and four shipping spouts. Tracks are laid from the elevator to the different railroads terminating in East St. Louis, and the cars run directly into the building, so that all kinds of grain in bulk may be immediately transferred. The cost was $180,000.

By the death of ex-Gov. Tod, of Ohio a vacancy has been occasioned in the chosen Presidential electors of that State. As it is a somewhat novel occurrence, we will state how such an omission is supplied in Ohio. The Ohio statutes provide that when the electors assemble at the State Capitol to cast the electoral vote they may fill such vacancies in the following manner: "And if, on examination thereof (of the Governor's certificate of all the names of electors), it should be found that one or more of said electors are absent, and shall fail to appear before nine o'clock in the morning of the day of election of President and Vice-President as aforesaid, the electors then present shall immediately proceed to elect, by ballot, in presence of the Governor, a person or persons to fill such vacancy or vacancies as may have occurred through the non-attendance of one or more of the electors." The law further provides for deciding by lot when there is a tie vote on the persons voted for to fill such vacancies.

REPORT OF GEN. THOMAS.

We have read very carefully the report of this General to the Secretary of War, detailing the condition of the public and the sentiments of the people of Kentucky and Tennessee. It is utterly untrue as a whole, and is a more gross libel upon the people of those States than we have read since the war. BROWNLOW'S vindictive message will not compare with it for falsification and misrepresentation. If Gen. THOMAS had been bought up in the interest of some other section he could not more infamously decry the efforts for law and order that have characterized our people, even under unusual provocation for breaches of the peace.

The Commissioner of Immigration—Rev. Mr. BOEHM—must contradict officially this statement of General THOMAS, otherwise he might as well close his office, resign his position and confess the work of securing immigrants hopeless. So long as Gen. THOMAS, of the United States Army and the editor of the *Tuscaloosa Monitor*, are able to publish their insanities and misrepresentations, and these are allowed to pass uncontradicted, our progress will be made against fearful odds.

"ART AND LITERATURE IN ALABAMA."

Under this caption we find in the Cincinnati *Commercial* of Saturday what purports to be a *fac simile* cut from the Tuscaloosa (Ala.) *Monitor* of the 10th inst., representing the flag of the United States as made up of eleven negro heads and twenty-four stars with serpents for the stripes, and underneath a few lines explaining that the negro heads represent the eleven negroised Southern States. This evidence of insanity, the *Commercial* suggests, is a fit companion picture to that given by the same artist during the late Presidential canvass, and which lost to the Democracy of the Northwest many thousand voters, with whom victory was counted upon as certain.

As during the canvass the Democracy of the South had their peaceful protestations confounded and neutralized by the *Tuscaloosa Monitor's* picture of the hanging of Ohio carpet-baggers, so now, we who are laboring for immigration, and inviting capital and capitalists from abroad, will find our efforts in that behalf neutralized by the efforts of this same paper, which announces the near approach of the time when the negroes must be deported to Liberia or exterminated.

We hope and ask in the name of the people, not only of our own State but of the South, that this picture, and the intemperate and ill-considered remarks and comments that accompany it, will be attributed not to a paper that in any sense or to any extent represents the intelligence and the culture of the South, but to a paper that is published as the *La Crosse Democrat* or the *Record and Vindicator*, fierce and vindictive, because there is money in it, or because the publishers believe they will in that way attract attention, procure such first-class advertising as the Cincinnati *Commercial* gives the *Monitor*, and run up as successfully as the indefatigable POMEROY and MULLALY, a long list of subscribers and advertising patrons. This is the reason and the occasion for this sort of incendiary publication. There is not a grain of consideration for the Southern people in all of it put together. It is pure selfishness, and as such should be treated by the people North and South.

The South is entering upon a career of prosperity. The results of our industry the past year attest it, and afford ample refutation of any disposition but that of kindness for the people of the country at large, by the people of the South. They desire immigrants, to all of whom they declare there shall be the most ample protection, and guarantee that peace without which civilization cannot make any progress. The people of the South are not responsible for the *Monitor*, or the indiscreet ravings of the editor.

ABOUT THE RAILROADS THAT ARE TO BE SOLD.

We learn from the Nashville papers that the bill introduced in the Legislature to empower the Governor to sell certain defaulting Railroads hangs fire, and is likely to drag a slow length along until the Railroad Subsidy bill appropriating $2,495,000 for certain East Tennessee Railroads has passed. The Chattanooga *Republican* (Radical) has the following upon the subject:

A bill has been introduced into the Legislature to force a sale of the Northwestern, Clarksville, Edgefield, Winchester and McMinnville Railroads. We may be mistaken, but our impression is that it is gammon. The State made advances to these roads, and was empowered to appoint receivers, and in certain contingencies to sell the roads. At the last regular session of the Legislature the State entered into a new agreement with most of them, and in the Omnibus Bill made lavish appropriations to some of these and other railroads, but agreed that none of the roads should be sold unless they for "two consecutive" years failed to pay the State interest. If a road for two consecutive years after the making of the new agreement failed, then it might be sold. None of them have since that time failed for two consecutive years, and they can't yet be legally sold. It is very questionable whether they can be sold at all legally. If there is any doubt about it, the State is not likely to make much by the sale. It is hard to say whether there has been most roguery or dunder-headism in the Legislature about railroads in Tennessee. The Edgefield road owed the State $1,232,804, or $117,804 more than the whole cost of its construction, and it never paid a dollar into the State Treasury toward the interest on its loan, but the Legislature made an arrangement to give it $400,000 to help it build a road in Kentucky, at the same time stipulating that it should not be sold unless it failed to pay its interest for two consecutive years. The Clarksville road owed the State $1,468,250 and has been made one of the main arteries of travel in the State, but for some reason did not get an appropriation under the Omnibus Bill, and may perhaps be liable to be sold. There may be an arrangement by which under such sale the Nashville and Louisville Railroad Company may buy it at a great bargain. *Quien sabe?* The Northwestern road, owing the State $3,265,000, never had been able to make even running expenses, but $650,000 more was loaned to it, and a stipulation made that it should not be sold unless it failed to pay its interest for two consecutive years. It can't be sold now, and if it could, would only be bought by the Nashville and Chattanooga or Western and Atlantic roads at a great bargain. The Winchester road owed the State $1,165,500 and never made expenses. It got $300,000 more last session of the Legislature under the stipulation that it should not be sold unless it failed to pay interest for two consecutive years. It can't be sold. The McMinnville road got from the State $1,240,000, or $476,000 more than the cost of building it. It never has paid running expenses, but as it did not ask more State aid under the Omnibus Bill it may be liable to sale. Our Governor desires to save the State from loss, but it is very questionable if the roads can be legally sold. It may be a question whether the State should sell them if she could do so. Have the roads had a fair chance? Have they been properly managed? Will their sale aid in the development of the country? We have no doubt that the suggestions in the Governor's message, that the railroads that have failed to pay the interest on their bonds shall be sold, springs from the most praiseworthy intent, and from a belief that the powers secured by the State under its prior loans is still in fact, but an examination of the matter may reveal that there is a doubt in relation to some of the roads. If the State has the power to sell, and the roads have not performed their part of the contract, they will have no right to complain whatever may be done.

It is barely possible the Governor suggested the sale of the railroads from the praiseworthy motive of reimbursing the State, and it is equally possible he has been prevailed upon by certain of his partizans, who expect to profit by it, to sell them out at a price short of their cost to the State, and at a dead loss to the stockholders, in order that certain cormorants of the railroad "ring" may be benefitted in a "shent per shent" way Of the two, this is the most likely of the likelies.

NASHVILLE.

NASHVILLE, November 22.—the store houses on Market street, occupied by J. R. Paul & Co., dealers in agricultural implements; Wm. Lyon, iron dealer, and Sperry & Co., cotton factors, were destroyed by fire last night. The entire contents of the first two were lost. Sperry & Co., saved their's in a damaged condition. The Kossuth House, adjoining South, and Ashley & Phillips' tin store, North, were considerably damaged by fire and water. The buildings were owned by John M. Hill and are insured for ten thousand dollars in Tennessee Marine and Fire Insurance Co.; valued at thirty thousand dollars. Lyon is insured for twelve thousand dollars in Ætna, Phœnix and Home Insurance companies; loss twenty thousand dollars; Paul & Co.'s loss is estimated at ten thousand dollars, mostly insured. Sperry & Co.'s loss is slight, and covered by insurance of three thousand five hundred dollars in the State Insurance Company. The Kossuth House proprietors were insured for twenty-five hundred dollars in the German Insurance Company, Louisville. The fire originated in the house of Paul & Co., and was undoubtedly intentional, as large piles of kindling were discovered lighted on the second floor, by those who first gave the alarm.

NEW YORK.

NEW YORK, November 22.—An answer to the complaint of Chas. McIntosh, in Erie matters, was filed by Mr. Belmont yesterday, alleging the belief that the total number of Erie shares is much greater than stated by McIntosh, and that he (Belmont) is not concerned in any short sales, and has no interest in depressing the value of the stock, but is on the contrary interested to enhance the same, and has no pecuniary interest in any litigation now pending, or telegraphed, except to secure a faithful management of said company, and to secure its property from the depredations of managers. He adds that before the commencement of this action his firm brought an action against the Erie company and its directors for the protection of the firm's interest as stockholder to the amount of 4000 shares, actually owned, and also to restrain the further illegal issues of stock, and obtain the appointment of a receiver of the funds of the company. He denies that the road is managed for the interest of the stockholders, and charges that Gould and Fisk and the other directors are combining to use its funds and properties in their private speculations, with the object to defeat, impede and obstruct the legal remedies of stockholders. Whereupon he prays that all orders made in this action be set aside, and the complaint dismissed with costs.

Petitions in bankruptcy are again pouring into the clerk's office of the District Court, in view of the anticipated expiration on the first of January of the voluntary clause in the bankrupt law.

Fred R. Ross, an employee of Depeier & Hamuern, Walker street, has been arrested for systematic robberies for some time past, which it is believed will amount to three or four thousand dollars.

John Carson, a laborer, 38th street, beat his wife to death last night. He has been arrested.

A peaceable citizen by the name of Carrol, was shot last night in Greenwich street, by policeman Bartlett, but fortunately was not seriously wounded.

FOREIGN.

LONDON, November 21.—Yesterday afternoon Mr Burlingame and his associate members of the Chinese Embassy, were presented to Queen Victoria at Windsor Castle, by Lord Stanley. Mr. Burlingame briefly addressed her Majesty in the name of the Emperor of China. He continued by expressing a desire that the health and happiness of the Queen and the people over whom she presided would be long and lasting. He also referred in appropriate and feeling terms to Sir Frederick Bruce, and spoke in the very highest terms of the valuable co-operation rendered him by English representatives. In the course of his address he made a graceful allusion to a well known friendship of her Majesty for the United States. Mr. Burlingame then presented a letter of credence from the Emperor of China, which is rather an extensive document, beautifully encased in yellow satin. Her Majesty, evidently pleased, received the document, and addressing Mr. Burlingame, said she was glad to welcome the first Chinese Embassy to Great Britain. She was glad to greet Mr. Burlingame and mission, and expressed the belief that its object was a step in the right direction. Mr. Burlingame then introduced his associate Ministers and Secretaries to the Queen. The interview throughout was marked by the utmost cordiality and a magnificent lunch was shortly served. While the company was seated Lord Stanley took occasion to express himself as perfectly in accordance with Burlingame's sentiments relative to China. It was true, he said, a certain degree of opposition, originating in ignorance of the real object of the Chinese mission, coupled with a desire to adhere to the old traditional coercive policy, met Mr. Burlingame on his arrival in England, but this had all passed away. Mr. Burlingame, by his dignified course, and feeling the grandeur and importance of the trust confided to him, had conducted himself in such a manner as to disarm opposition and create, not only a favorable impression for China, but for the United States; for while acting as representative of the Emperor of China, his dignified bearing and progressive ideas exhibited him as a true type of the representative American. Lord Stanley then concluded by expressing the belief that the cordial principles which are fast influencing the nations of the world have changed foes to friends.

HAVANA.

HAVANA, November 22.—Late advices from Caracas represent that the country was generally quiet. A few small bands of malcontents were roaming in the mountains, but the citizens every where desired peace and were disposed to acquiesce in the authority of the existing Government.

Congress was to meet on the first of January, when the new President would be inaugurated.

The dispute about the bark Julia still remained unsettled.

The Commissioners had not returned to Caracas.

Reports received from Porto Rico show that crops are in a flourishing condition and prosperity is returning to the Island. Political agitation has subsided and the whole population is tranquil.

Late advices from Port Au Prince are at hand. The excitement against Americans has not abated but seems to be on the increase.

Captain-General Lersundi to-day received 6000 volunteers, and the whole from the fire department of the city, the members of which have been armed and drilled. They made a very fine appearance. This force, united with the regular troops in and around the city, constitutes an army of 12,000 disciplined men, all of whom can be placed at the disposition of the government in an emergency.

The *Gazette* to-day publishes the manifesto of the provisional government at Madrid, making liberal reforms in the government of the Island. It has been transmitted by telegraph, railroad and other channels to all the towns of the interior. It is the general opinion that the circulation of this document in the disturbed districts will prove a powerful auxiliary in putting an end to the revolution.

A very severe storm from the north prevails on the Gulf.

WASHINGTON.

WASHINGTON, November 22.—Gen. Grant and family returned here last night by the regular train. At every station along the road he was received by the people with the wildest enthusiasm.

An abstract of the quarterly report of the National Banking Association shows that on the first Monday in October, the aggregate liabilities were $1,988,367,567, and resources of a like amount.

Our Government is satisfied with Minister Johnson's official conduct, as far as he has gone, with regard to the settlement of the Alabama claims and other questions in dispute.

If true, as reported by cable, that Lord Stanley has consented that the Commission shall set in Washington, the fact will be gratifying to many distinguished and interested parties in this country, who have expressed their desire to our Government that the Board should hold its session here instead of in London.

Later and very full information has just been received from Buenos Ayres relative to the difficulty between Minister Washburne and the Paraguayan Government. As the facts became known the Brazilian press ceased its attacks upon Mr. Washburne. Minister Webb, in the *Anglo-Brazilian Times*, warmly defends him, declaring that he had faithfully discharged his duties under very trying circumstances. A letter received from Mr. Bliss, of the legation, who was seized on his way to the steamer with Washburne, is also published, in which he bears testimony to the unswerving constancy with which Mr. Washburne maintained the rights of the legation. Other letters published in in the Rio Janeiro papers, of the same tenor, vindicate Mr. Washburne's action in very strong terms.

ST. PATRICK'S FESTIVAL commences this evening at the Memphis Club Hall, in the Greenlaw building, corner of Second and Union streets. The Sodality, and a cotillion string band, will be on hand every evening and will discourse music for those who may wish to trip the light "bombastic." We hope that our Catholic friends will not fail to patronize this charity, the objects of which were fully explained in the APPEAL yesterday.

GRAND FESTIVAL AT THE PEABODY HOTEL.—*Messrs. Editors:* We desire to state to the public through your columns, the object of the Festival to be given at the Peabody Hotel (through the generous kindness of the owners and proprietors), by the Ladies' Tabernacle, commencing to-morrow evening. We have been worshipping in the Tabernacle, on Court street, for nearly three years. This temporary building cannot be occupied through the winter, and must of necessity be abandoned. We have purchased a lot on Second, near Beal street, at a heavy outlay, and have commenced building a house of worship. Unable to bear the whole burden ourselves, we ask the generous aid of the community in an enterprise which (leaving out its religious claims), will be an ornament to the city. To aid in this undertaking is the object of the Festival which the ladies will commence on Tuesday night, and which we doubt not will meet with gratifying success.

THE FIRE YESTERDAY MORNING.

Further Particulars of the Burning of the City Stables.

Since the paragraph published in the APPEAL yesterday very little further information has been developed in regard to the burning of the city stables yesterday morning. The origin of the fire remains wrapped in mystery; the supposition being that it was either caused by the overheating of the stove in the office, or done accidently by Mr. O'Donnel, the watchman, while in a semi-unconscious state. No information can be gained from O'Donnel, whose condition is terrible in the extreme, he being burned so badly that his recovery is impossible. His eyes are burned out, and all the flesh is burned off his face and right shoulder. His rescue from the building is almost a miracle, and is due mainly to a young man in the employ of Messrs. Dean & Co., whose name we have been unable to obtain. This gentleman saw the fire in the office, and saw O'Donnel groping blindly around it, through the window, and at the risk of his own life, got in the window and assisted O'Donnel out.

It is impossible to say how many animals (horses and mules) perished in the flames. Some escaped when the doors were forced open, and have not as yet been found. Some perished in the midst of the burning building, and several (two or more) were yesterday shot to put them out of pain, having been burned so badly that they could not recover.

Officers Rice and Cullen made a narrow escape yesterday, while walking among the ruins, from being crushed to death or buried beneath a falling wall.

Yesterday being Sunday we could not learn whether there was any insurance on the buildings and stock or not. If not the loss will fall quite heavily upon the city, by whom they were owned.

Senate adjourned until 2 o'clock p. m.

AFTERNOON SESSION.

The Senate met at 2 o'clock and repaired to the Representative Hall, to finish the business of the Convention. After which the members returned and granted leave of absence to several Senators.

On motion of Mr. Patterson, the House amendment to Senate bill 194, an act to amend the charter of the town of Lebanon, was taken up and adopted. The Senate then adjourned until Monday morning, at 10 o'clock.

House.

The House was called to order at 10 o'clock a.m. by Speaker Richards. Sixty-one members answered to their names.

Mr. Shepherd presented a memorial from the employees of the Rogersville and Jefferson Railroad, accompanied by a resolution, both of which were referred to the Finance Committee.

NEW BILLS.

By Mr. Hammer: To incorporate the Iron, Machinery, Stone and Hollow Ware Moulders' Protective and Co-operative Union No. 55, of Nashville. Passed first reading and referred to Committee on Corporations.

By Mr. Brewer: To amend an act passed March 13, 1868, entitled "An act concerning the leasing and consolidation of Railroads in the State of Tennessee." The bill provides for the lease of roads which have not paid interest on the bonds loaned by the State, under certain conditions. Passed first reading and referred to Committee on Internal Improvements.

By Mr Taylor, of Carter and Johnson: Providing for the reorganization, supervision and maintenance of free schools in the State. Passed first reading and referred to Committee on Public Schools.

HOUSE BILLS ON THIRD READING.

270—Regulating the publication of Supreme Court decisions. Passed.

278—Authorizing the erection of a fish trap, etc. Amended and passed.

296—To incorporate the Jackson Gas Light Company. Amended and passed.

IN CONVENTION.

The House then took a recess of ten minutes, after which, at 11 o'clock, the two bodies met in convention for the purpose of electing a State Treasurer and a Secretary of State. Speaker Senter, of the Senate, took the chair, and Col. D. Nelson, Clerk of the Senate, read the joint resolution under which the convention had assembled.

Before the election was proceeded with, Speaker Senter gave notice that all remarks relative to claims or merits of the respective candidates would be ruled out of order.

The following nominations were made: By Mr. Hammer, Dr. Stillwell, of Gibson; by Mr Hacker, Capt. S. P. Evans, of Roane; by Mr. Waters, J. E. Rust, of Davidson; by Mr. Bloom, M. L. Phillips, of McMinn; by Mr Woodcock, Col. A. E. Boone, of Humphreys; by Mr. Read, Daniel Guthrie, of Lawrence; by Mr. Turner, John McLean, of Lawrence.

The name of Mr. Phillips was withdrawn after the second ballot, that of Col. Boone after the third, those of Messrs McLean and Guthrie after the fourth, and that of Dr. Stillwell after the sixth.

The seventh ballot stood as follows:

	Senate.	House.	Total.
Evans	9	33	42
Rust	15	36	49

J. E. Rust, of Davidson county, was therefore declared to have been duly elected State Treasurer.

The Convention then adjourned to 2 o'clock p.m.

AFTERNOON SESSION.

The House met at 2 p. m., and almost immediately afterward the convention of both bodies re-assembled.

Speaker Senter announced that the business in order was the election of Secretary of State.

Senator Aldridge nominated Thomas C. Muse, of Madison county.

Mr. Williams nominated Judge N. A. Patterson, of Franklin.

Senator Nelson nominated the present incumbent, A. J. Fletcher, of Bradley.

The first ballot resulted as follows:

	Senate.	House.	Total.
Muse	5	14	20
Patterson	9	22	25
Fletcher	12	30	42

The second ballot stood:

	Senate.	House.	Total.
Muse	4	13	17
Patterson	4	22	26
Fletcher	14	33	47

A. J Fletcher was therefore declared re-elected Secretary of State for the ensuing term.

The convention then dissolved and the Senators returned to their own chamber.

The House resumed the consideration of

HOUSE BILLS ON THIRD READING.

288—Relating to telegraph companies. Withdrawn for amendment.

313—To amend an act compensating jurors, by giving officers who wait on courts the same compensation that is now received by jurors. Passed.

316: To incorporate Granville Lodge No. 342, F. and A. M.

Mr. Johnson offered an amendment incorporating Whiteville Lodge No. 148. Adopted.

Mr. Roach offered an amendment incorporating Gilbert Lodge No. 331. Adopted.

The bill as amended passed third reading.

327: To incorporate the Wardens and Vestrymen of Grace Church, Memphis. Passed.

302: To regulate certain courts. Indefinitely postponed.

340: To incorporate the Raleigh Milling and Manufacturing Company. Passed.

HOUSE BILLS ON SECOND READING.

550: To incorporate the Southern Railroad Association. Amended by increasing the stock of the Association to $10,000,000, and passed.

Adjourned to 10 a.m., next Monday.

The following communication was presented to the House Thursday, but unintentionally omitted in the proceedings given by us yesterday:

COMPTROLLER'S OFFICE, NASHVILLE, Tennessee, November 19, 1868.—To the House of Representatives—Gentlemen: I am ordered by the Chancery Court of Davidson county to wind up the Southern Bank of Tennessee by selling her bonds now on deposit in this office.

As there is no law now in this State authorizing the doing of that thing, unless the order of the court aforesaid constitutes sufficient authority, I write this communication to call the attention of the Legislature to the subject, and to ask for instructions in the premises.

The act of May 25, 1866, "to repeal the free banking law of the State, etc." (see act of 1865-66, page 71) is not, in my opinion, operative, because of the failure of the Comptroller to take certain steps required, so as to wind up the banks, as required in said act. An act removing the act of May 25, 1866, would give the necessary authority.

Your obedient servant,
G. W. BLACKBURN,
Comptroller.

PERSONAL.

Judge Connally F Trigg, of the U S District Court, arrived in the city yesterday morning, and will open his Court this morning at 10½ o'clock.

DESPITE the chilly weather there were a great many persons out driving yesterday evening. The Nicholson pavement around town have been a great help to the livery stable keepers. This reminds us that the race going public, especially those who attend in their own buggies or carriages, would be very much obliged to the Road Committee if they would have the roads worked from the railroad to the race-course, in time for the trot on Thursday. It would pay the Association to have this done, themselves, if the authorities will not do it. All who drove over that piece of road during the late races, will agree with us in saying that it is abominable, and the wonder is that more vehicles were not broken that week.

RE ORGANIZATION OF THE BENEVOLENT ORDER OF THE I. O. S. M., INGOMAR LODGE.—Under the daily development of distress in our city, it is deemed an absolute necessity to *revive* this ancient Order, the noble and generous deeds of which yet live in the memory of thousands of our fellow beings. The committee appointed for this purpose on the 20th inst., by a large and enthusiastic meeting of the old members, earnestly urge our Brethren of the Order to be present at the final working re-organization, which will take place in the Hall of Cyrene Commandery, No. 204 Front street, on Tuesday, 24th inst., at 7 p.m. By order of the COMMITTEE.

PERSONAL.—By letter direct from the gentleman himself, dated Lexington, Ky., we learn that Mr. R. H. Sylvester, late of this city, is at present in the service of the New York Home Insurance Company, as their special agent and Supervisor of agencies in the States of Kentucky and Tennessee. He hopes, between this and Christmas, to visit Memphis again, or at least to spend the holidays here. We should be glad to have him once more among us, and trust that his business engagements will eventually bring him back as a permanent citizen once more. His business address is now St. Louis, Mo., the Western headquarters of the Company.

The first work was in part published in the Appeal in 1867.

Whether it or the second is worth publishing, it is for those who have been readers of the Appeal to decide. A desire has been expressed by many to have them in a more enduring form, and the author, unable to publish them himself, consents that they may be published, if that desire is sufficiently general to warrant it. nov20

FINANCE AND TRADE.

OFFICE OF THE DAILY APPEAL, MEMPHIS, November 21, 1868.

FINANCE.

More liberal offerings of exchange characterised the money market to-day, and the counter demand has not fallen off. Rates are steady at ½@¾ discoun buying. Selling at par. New Orleans bills are bought at ½@¾ discount, and sold at par to ½ discount.

In anticipation of an active cotton market next week, our banks are not loaning on collaterals as liberally as they did early in the week, but call loans can still be effected on first class security at the usual rates of interest.

Gold in New York opened to-day at 134¼ and closed at 134¼.

Exchange remained steady throughout at yesterday's quotations. Stocks declined during the day. Erie opened at 43½ and closed at 40½. New York Central fell from 125 at the opening to 122¾ at the close.

Gold transactions in this market were very light. Buying at New York quotations, and selling at 1@2c advance.

City Bonds are inclined to be dull. In the absence of sales we quote them nominally, 51½@52½c as to amount and character of the bond. Plain are held at the outside quotation, while Paving bonds could, we think, be bought at 51c.

City Scrip is very firm. A sale of $5000 occurred between bankers last evening at 83c, but 84c could be realized to-day on any amount, say from $5000 to $10,000. Tax-payers are accommodated at 86@88c.

Of County Warrants we could learn but little to-day. Holders are generally firm at 74@75c, but buyers do not take hold. Tax-payers find it hard to buy under 75@77c.

Police Scrip is scarce. A lot of $600 was offered to-day at 90c. Brokers sell at 95c.

School Scrip is scarce and nominal.

The report of Wm. McLean, Esq., County Tax Collector, will be found in another column. Mr. McLean has proven himself an energetic and faithful officer, and his report reflects credit not only upon himself, but upon Messrs. Miller and Carroll, his clerks. We call the especial attention of our readers to the report, which shows the collections to have been large—larger than ever made by the county to the same date in any previous fiscal year.

A Montreal banker has got up an original scheme for ridding Canada of the American silver, which is regarded as a nuisance there. He proposes to buy up and export $2,000,000 of it, if the merchants and shopkeepers of Canada will each contribute $1 per week for forty weeks toward the expense. American silver is at a discount of 4 per cent. at the banks in Canada, and though there have been several attempts to get it circulated at a discount, the competition of trade makes it pass with the traders at nearly par, so that the shopkeepers lose the 4 per cent. The proposition is to buy it in at 2½ per cent. discount to the amount of $50,000 per week, and export it, the conditions of the subscription being that $50,000 per week shall be shipped out of the country for forty weeks, the public each week to be furnished with the receipts of the bank and express company through which the shipments are to be made. The case is presented to the shopkeepers, who receive, say $400 per week in American silver, on which they lose now nearly 4 per cent., as follows: The loss on this $400 is now $16 per week. If the Montreal banker begins to buy up $50,000 per week, at 2½ discount, it will soon appreciate the silver to that discount instead of 4 per cent., and thus be a saving of 6 per cent. per week. It is held by the advocates of the scheme that the rate of discount would continue to decrease as the exporting went on, until the surplus was altogether removed. The balance remaining would then be only a convenience, and not a nuisance, as at present.

COTTON.

In the Liverpool market at the opening to-day the demand was good, and prices tending upwards; Uplands, 10¼d; Orleans, 11d. Sales 15,000 bales. No further dispatches received, owing to interruption along the Newfoundland wires, until after business hours, when that market was quoted buoyant, with sales of 20,000 bales; Uplands, 10¾@11d; Orleans, 11¼@11¾d. The New York market opened quiet but steady, with Middlings, 24½; Mobile, 24½; Orleans, 25c. At noon it was quiet but firm, and at the close was very firm, with holders asking higher rates, but quotations unchanged. Demand light. Sales 1700 bales. Week's sales, 25,000 bales Week's receipts, 8000 bales. Gross, 22,800 bales. Exports since September 1st, 66,625 bales. Stock, 25,000 bales. Receipts at all United States ports for the week, 74,000 bales. The New Orleans market was firm at the opening, with a fair demand at 23c for Middlings; and at 2:30 p.m. was firm—holders asking an advance of ¼c. Sales, 3000 bales. Our market was no better than on yesterday—on the contrary there was more disposition to sell among holders, and all the large tables upon the market were closed out. The inquiry was active, but all orders seem to be limited. Among the sales were 201 bales Good Ordinary at 21¾@21½c, 54 at 21½c; 46 bales Low Middlings at 22c, 100 at 22c, 77 at 22c, 525 at 22c, 330 at 22c, 815 at 22c; 63 bales Middlings at 22½c; 20 bales Strict Middlings at 22½c, 10 at 22½c, 7 at 23c, 10 at 23c; 21 bales Strict to Good Middlings, 23½c. TRADE.

Business to-day was fair, and prices have undergone no change since yesterday.

The returns of the whole oil region of Pennsylvania, show a product for October of 340,813 barrels; for the last day, 11,113 barrels—a reduction of 1414 barrels upon the last day of the previous month. From the 1st of January to the 1st of November, 1868, the aggregate yield was 3,000,000 barrels—with nearly double the number of new wells—an increase of only about 10 per cent. upon last year's product. During this period of ten months, the shipments to foreign countries have increased 50 per cent. upon last year's; while the stocks on hand in Europe aggregate no more, showing a greatly increased consumption there. Meantime, the whole stock on hand here is only 286,000 barrels, against 886,000 (or 400,000 less than) the same time last year. The price averages $4 per barrel, against $2 50 last year.

The number of new wells being drilled is 435, against 255 the same time a year ago, and of these 213 are at Pleasantville, where there are already about 100 producing wells—the whole yielding daily about 2000 barrels. It is estimated that there are about 1000 wells in operation in the whole region, averaging only 10 to 12 barrels each, daily.

RIVER MATTERS.

WEATHER AND RIVERS.

Yesterday was clear and pleasant. All indications of snow have passed away, and we may continue to have delightful weather for some time to come. The river at this point is declining slowly. The Arkansas is falling, with fair water to Little Rock. White river is also declining, but the packets go through to Augusta without trouble. The latest news from the Ohio and Upper Mississippi will be found in our telegraphic columns.

MISCELLANEOUS.

Ben Clark, of the St. Louis wharfboat, donned his injin toggery yesterday, and with tomahawk in hand, was bent upon the war path. The last seen of him he had struck a trail and was on his way towards the setting sun.

The U. S. Mail packet, Ozark, Capt. Harrison Blasdell, leaves this evening for all points on the Arkansas to Pine Bluff, where she connects with the Little Rock packets. Ed. Outlaw is chief clerk of the Ozark and is a good one.

The fine steamer Natoma, Capt. Lee with Fields and Whitehead in the office, leaves to-morrow for Friar's Point and way landings.

Capt. P. D. Pratt, formerly of the Fashion but now connected with the Mt. Carbon Coal Company, at New Orleans, came up by rail yesterday, and will be in town a day or two.

Capt. H. L. Church came down on the Darling yesterday. He brought with him a pair of mustard cats, which Power declares the finest specimens he has ever seen.

The towboat Comet, owned by Capt P. D. Pratt, and having four barges in tow, no doubt passed up last night for the Mt. Carbon mines.

The elegant Magenta, Capt. Frank Hicks, will be in port to-day. She leaves on Wednesday for New Orleans. John Sullivan and Mr. Green are in her office.

The Lufsinary, Capt Luker, will pass down to-day for Vicksburg and way points. Lee Finney is clerk.

The U. S. mail packet Liberty, Capt. Jim Rice, will be in port to leave tomorrow for Augusta and way ports on White river. Milt. Harry and Charley Sharpe do the honors of the cabin.

The three-eighths interest of the late Capt. W. A. Gregg, in the Champion, will be sold at auction in Cincinnati to-morrow.

The Missouri is blocked at Omaha and passengers are crossing on the ice.

The Magenta left New Orleans with the best trip of the season.

The steamer Zephyr, now at St. Jo, Mo., wants to get out when the weather permits and come to this port to ply in the White river trade.

The little steamer Ben. Campbell will be here in a few days to run in the same trade. She comes here every winter—is in fact a carpet-bagger.

The City of Alton is loading at St. Louis for New Orleans in the "Missouri river line."

The St Francis had not arrived at a late hour last night. She will no doubt be in port this morning. Capt. Bowman will back her out on Tuesday for all points on the St. Francis river. Payne and Clark are her clerks.

The Darling came up yesterday morning. Capt Kates will back out to-morrow for Cincinnati. She will no doubt have a good trip. Capt. Power, her clerk, is one of the cleverest in the trade.

The Virginia, Capt. Holcroft, will pass down to day at 5 p.m., for New Orleans. Charley Shultz, her clerk, is a favorite in this trade.

The Myrtle, Capt. Hardwick, leaves on Wednesday for Hale's Point.

Mr. Thos W. White, of the famous Louisville Hotel, is in our city, on a short visit. He returns to Louisville to-day.

The Des Arc, Capt. John Elliott with Joe Elliott and Malt Glass in the office, will back out to-day for all points on White river. She is the independent packet, and makes all way landings.

The elegant Belle Memphis, Capt. Crane, leaves to day at 4 p. m. for Cairo and St Louis, making all railroad connections North and East. William Blenker, Esq, alias "Billy," is her accomplished treasurer.

A sensational story is going the rounds about a murder perpetrated in St. Louis twenty-one years ago, and for which a steamboat mate now running on the river is about to be arrested.

A number of suits, says the Cincinnati *Gazette*, brought by Messrs. Black, Hoffheimer and others, against the owners of the steamboat Emperor, for the loss of a quantity of whisky shipped by the plaintiffs in 1860 to New Orleans, and lost by the sinking of the barge on which it was shipped, were heard on demurrer, before Judge Cox. The defense was that the cargo being insured by the shippers, and the insurance having been paid, the defendants were not liable. To this the plaintiffs demurred, but the court held the defense to be a good one, and overruled the demurrer.

The Mobile *Register* of Friday says: The Virginia brings confirmation of the reported sinking of the steamer Montana—in point of fact of her sinking twice—once on the up trip, and once, the last, on the down trip; the up trip sinking not injuring any cargo; the other occurred at a place called "Mike's Bar," in the Warrior river—say fifty miles below Tuscaloosa—last Saturday in the forenoon, and was occasioned by her stern striking an old log, one end fast to the bank, and she was making the point, the blow tearing her badly aft—fortunately the Virginia being only a short distance behind, and soon coming up, nearly everything was saved, though there is some seven feet in her decks.

The Montana had about 200 bales of cotton, all of which was brought in by the Virginia, which boat also brought to Capt. Drake's Landing a portion of the apparel and furniture of the wrecked craft—the balance, including the machinery, will doubtless be taken off and brought down to the Jennie Rogers—the boat being looked upon as a total loss. This is two boats gone, and according to the usage in such affairs, (devoutly believed in by old river men), there will soon be another—the mystic three—in the language of Prince Albert, "you next."
